## Time Saver tips... for busy people like you!

Did you know that, as a salesperson, you can look up information about yourself online... and it's *faster* than calling in to the VSA licensing department.

If you need your:

- Salesperson licence number
- Licence status and expiry information

Use the — [Public online registry](#)

### ...or use the following easy steps:

**Step 1:** On the VSA website, hover over the salesperson menu. Find and click on *“Online search for: Licensed Salespeople”* on the bottom left of the menu.

**Step 2:** Enter your first and last name to find your information. **Tip:** In chrome, you must click on “Search Registry” for the search to begin. Hitting the “return “ key after you enter your information will not work.
